2. It will be seen that a new Civil Defence Specialist School to train Instructors and Staff Officers in Wardens', rescue party and first aid party duties is being established at Lahore. Civil Defence Department Circular No.251/52.

Subject:- A.R.P. Schools.

I have the honour to state that the Government of India, after reviewing the position in regard to Civil Defence training in India have come to the conclusion that it is essential to establish 4 Schools additional to the Civil Defence Staff and Instructors Schools already established in Calcutta. They have come to this conclusion in view of the following facts:-

(a) The large number of outstanding applications for vacancies for the existing Schools

(b) New demands for vacancies following on the recent extensions of the threatened area and preliminary Warning Area.

(c) The demand for a new type of School to train Instructors and Staff Officers in wardens' rescue party and first aid party duties.

2. In order to effect a more even distribution of Schools over India the Civil Defence Staff School will remove to Lahore and the location of the various Schools will eventually be as follows :-

(i) Civil Defence Staff School Nedou's Hotel, Lahore for training A.R.P. Officers of Provincial Governments, Central Government Departments and Indian States.
(ii) Civil Defence Industrial School, 4 Camac Street, Calcutta to train A.R.P. Officers for Industry.
(iii) Civil Defence Instructors' School 234/4 Lower Circular Road, Calcutta (no change).
(iv) A second Civil Defence Instructors' School*
(v) A new Civil Defence Specialist School (with objects indicated in paragraph 1(c) above), at Nedou's Hotel, Lahore.
(vi) A second new Civil Defence Specialist School*

*These Schools will be located, it is hoped in the Deccan and/or Bomaby Districts. Negotiations are in progress for acquisition of suitable buildings in Hyderabad (Deccan), Bombay or Nasik.

3. It is not anticipated that any change will be necessary in the already notified programme of courses for the Civil Defence Staff School and existing Instructors' School. The Industrial School will commence to function as such as so soon as the Staff School removes to Lahore. The Specialist School Lahore will open towards the end of August.

The date of opening of the Second Instructors' and Second Specialist School cannot yet be forecast but it may provisionally be assumed it will be in the early autumn.

4. A separate communication may be expected in due course in regard to the programme of courses and allocation of vacancies for the new Schools.

Civil Defence Specialist Schools.

- - - -

I am directed to refer to Civil Defence Department Circular No.251/42, dated 12th June 1942, regarding the opening at Lahore of a Civil Defence Specialist School.

2. Clearly this single school cannot train in a short time the large number of Staff Officers and Instructors required for the whole country.

3. Its first object will therefore be to train Specialist Instructors who on their return will, if they have passed an examination at the School, be considered qualified to instruct members of their Service in their special duties. They will not be qualified to instruct in Incendiary Bomb Control, Elementary Methods of Protection against High Explosives, and Anti-Gas Measures.

4. If this object is to be attained, the trainees sent to the school will need to be people able to pass on to others what they learn there.

5. Most provinces and some States already have their own Provincial or State A.R.P. Schools and all are advised to add to these specialist instruction centres where the teaching obtained at the new school can be disseminated.

6. The Commandant and Staff of the Central School will not teach mere theory; they are nearly all men who have been through heavy raiding conditions in England and will have very practical ideas, learned by hard experience, to impart.

There will be three wings to the school: -

(a) Wardens Service
(b) Casualty Service
(c) Rescue Service

and (e.g.) the school proposes, if the Punjab Government

agree, to run a practical rescue squad of its own instructors to go into action in Lahore if raids occur there.

Civil Defence Department Circular No. 330/42.

Subject:- Students' accommodation at Civil Defence Schools.

Sir,

With reference to this Department's letter No. 71/42-ARP.II(T) dated the 12th June 1942, I am directed to say that is has been ascertained that at Lahore the local hotel and boarding houses will be unable to accommodate the number of students attending the School there. In order that the students nominated by the Provincial Government may not be stranded arrangements are being made to provide, as far as possible, tented accommodation for the students and to arrange for their catering also. With the exception of those resident in Lahore or who can be accommodated by previous arrangement by friends or relatives residence in the hostel will be compulsory. It is proposed that a charge should be levied on each student sufficient to cover the expenses incurred by the Government of India. This charge will be intimated to the Provincial Government as soon as possible after the termination of a course. It is not expected that it will exceed Rs. 6/- per day per student. It is suggested that each Provincial Governments should accept the charge relating to the students nominated by it as incurred by the Province and debit the amount to the pool. It is also suggested that where daily or other allowances are granted by Provincial Governments to their nominees, they may now consider whether and if so by what amount such allowances should be reduced in consideration of the accommodation and catering provided. As time is very short it has not been possible to consult the Provincial Government before hand, but as the arrangement suggested is chiefly in the interests of their nominees it is hoped that there will be no objection, and unless they hear to the contrary the Government of India will assume that the Provincial Governments have concurred in these proposals.

2. Unless the names of excepted individuals are notified to the School Commandant concerned prior to their arrival, the charges against pooled expenditure will be made in respect of every nominee attending a course.

3. The Scheme will take effect from No. 14 Course in respect of the Staff School, Lahore, and from No. 2 Course in respect of the Specialist School, Lahore.

4. In the case of nominees of the Department of Labour an account of charges will be presented to that Department, in respect of each nominee, for presentation and payment to the local treasury by the factory management concerned.

5. Conditions in Hyderabad and Bombay are very similiar, and it is expected that hostels will be attached to the Schools which are beir established at those centres. Communications regarding these will be issued shortly.

Letter from the Government of India (Department of Labour), to all factories for whose A.R.P. the Central Government is responsible (Excepting Ordnance Factories and Railway Workshops), No.A.R.P.I-2C, dated the 19th January 1943.

Civil Defence Schools for Specialist Instructors.

Please refer to this Department letter No.A.R.P.I.2c dated the 19th September 1942 on the above subject. It has now been decided to hold only one type of course at these Schools, viz. the Specialist Instructors' Course. This course will be suitable both for potential Instructors and staff officers. There will be three wings, for Wardens', Casualty and Rescue Services, as before. An examination will be held at the end of each course and a student must obtain not less than 75% marks in the subject concerned to qualify as a Specialist Instructor.

2. I would again draw your attention to the importance of making full use of this opportunity. The word "Specialist" may have been misunderstood. It does not imply that the object of these Schools is to turn out some rare type of highly specialised A.R.P. expert for whom most Factories would have little use. "Specialist A.R.P. duties" are merely the technical side of the work of any A.R.P. party, as opposed to the elementary general background of A.R.P. knowledge which is common to all A.R.P. Services. No Warden, First Aid Party or Rescue Party could be of any use in an air raid if they did not know how to do their own particular job.

Will you therefore please reconsider the matter and let me know as soon as possible, if you have not already done so, how many vacancies at these Schools you are likely to need for the next few months, and forward any definite nominations which you can now make? The particulars which should be supplied are given in my letter of 19th September 1942. Vacancies are now available and can be allotted to you without delay.

3. Hostels are attached to the schools, and it is compulsory for the students to stay there, unless they happen to live close to the School. Hostel charges at Bombay are Rs.8/- per day for feeding and accommodation in European Style and Rs.6/- per day in Indian Style. It has not been possible to make satisfactory catering arrangements at Lahore, but suitable places are recommended where students can obtain food at reasonable rates. A charge, sufficient to cover the expenses incurred by Government is levied for tented accommodation at the later place.
